VG-C77AM

Get a Better Grip on Vertical Shots. The VG-C77AM Vertical Grip gives you a firm grip on your Sony SLT-A77V camera. With the shutter button at your fingertip, the controls are positioned for comfortable shooting. Rugged design, dust and moisture resistant construction, built-in compartment for two NP-FM500H InfoLITHIUM® batteries (up to 1,060 shots).[1]

Bullets

- Firm holding grip with easy-to-reach controls
- Holds 2 batteries for extended shooting (sold separately)
- Accurate remaining time indication using percentage (%)
- Securely sealed for dust and moisture protection
- Rugged lightweight design
- Auto battery switching for uninterrupted use
- Able to accomodate Grip Belt (STP-GB1AM) for addition support

Features

Comfortable and ergonomic

A firm, comfortable grip for vertical-position shooting with the Sony SLT-A77V. Buttons and controls are conveniently placed and easy to reach for greater comfort.

Dual batteries

Holds two InfoLITHIUM® batteries for extended shooting (sold separately). Stamina® power for up to 1,060 shots.[1]

Accurate battery life indicator

Accurate remaining power indicator shows remaining power in percentage. When using two batteries, indicators show which battery is being used and what percentage of life is left.

Gasket-sealed

The rugged, but lightweight, body design has gasket-sealed controls to resist dust and moisture.

Auto switching power

When using two batteries, the grip will automatically switch to the second battery if the first becomes depleted. Switching does not interrupt camera operation.
